## The Old Covenant:

The Old Testament was compiled through many prophets in many ways over thousands of years. Those who spoke these words often didn't understand their meaning and could not because it was not the full revelation. Angels brought parts of this revelation but longed to see their fulfillment.

## Jesus Christ:

The New Testament shows one revelation....Jesus Christ. He is the preexistent One, the God-Man, and has ascended and been exalted.

The Son receives angelic worship, he is the divine King whom angels obey, He is the eternal creator, and He is the exalted sovereign.
